

QUALITY POLICE

Vision

To be a reference company in the design, production, and maintenance of molds for plastic injection, die casting, and tools, standing out for the quality of the products it introduces to the market and its customer-centric approach.

Mission

To supply molds and tools in accordance with the needs and requirements of our customers, as well as providing after-sales support services to achieve customer satisfaction. To monitor the performance evolution of employees and the profitability of the business.

Values

The Quality Policy of *IMFU – Indústria de Moldes Ferramentas e Utensílios, S. A.* is guided by the following principles:

Customer satisfaction.

Fulfilment of applicable requirements.

Involvement of employees and suppliers in achieving the Company's objectives.

Continuous improvement of the organization.

Crestins - Moreira da Maia - Portugal, June 30, 2016.

The Management,
Serafim Magalhães
